MEMORANDUM

SUBJECT: Risk Review Comments on Human Health Aspects
Olin Corporation, McIntosh Plant, Alabama

FROM: Julie W. Keller, Toxicologist
Office of Health Assessment

THRU: Elmer W. Akin, Chief
Office of Health Assessment

TO: Ken Lucas, Remedial Project Manager
South Superfund Remedial Branch

Per your request, I have reviewed the **Revise Baseline Risk Assessment (RI Section 6)** document for the NPL Site. My comments provided below are divided into two sections, i.e., (1) comments specifically to you the RPM and (2) comments that, if you concur, can be conveyed verbatim to the party responsible for preparation of the document. To facilitate the verbatim conveyance, I will be pleased to provide on request a copy of this memo via cc:mail.

General Comments to the RPM:

It is the policy of the EPA Region IV Office of Health Assessment to require written responses to review comments provided by this office. If a meeting with the PRP is to be held to discuss these comments, we request that written responses be provided prior to such a meeting. We also request that any risk assessment comments received from the State or any other source be provided to the Office of Health Assessment for our site file. If risk comments from sources other than this office are forwarded to the PRP contractor, the source should be clearly identified unless concurrence of this office is sought. In this case, we should formally review these comments and provide you with our response before they are forwarded.

Comments to be Conveyed to the Responsible Party:

The HEAST reference cited on pages 6-9 and 6-39 was outdated during the preparation of this revision; the current HEAST is dated March 1993.

The footnotes on pages 6-16 and 6-22 should be removed from these sections of the document. Though this document has been
